Even after payment the properties are still appearing in the cart

There are three steps in accessing the consortium (My Account -> Consortium list -> Property listing), ideally the same should be available in the profile options directly as a table or listing as list (My Account -> Consortium list)

Testing of workflow outside the consortium

Contact us form is not working

The screenshot shows the top navigation bar of the Pocket Ghar website with links for Home, Property Listing, Blog, Contact Us, FAQs, a shopping cart icon with a '2' badge, and an Admin dropdown. Below the navigation is a 'Send Us An Email' form with fields for Name (containing 'Test'), Email (containing 'blank@test.com'), Phone, and Subject (containing 'Test Submission'). A large text area contains the word 'Testing'. A blue 'Send Message' button is at the bottom of the form. To the right is a 'Contact Us' section with the address 'Malad East, Mumbai, India - 400065', email 'support@pocketghar.com', and social media icons for Facebook, Twitter, Instagram, LinkedIn, and Pinterest.

Counter of likes is not working properly as 2 users have liked all 3 properties still the counter is appearing as 2 on only one listing where the payment is made

The screenshot displays three property listings in a grid. Each listing is a dark blue card with white text. The first listing is 'Residential Shivmudra Tower..' with a price of ₹ 101, location 'Rahata, Select*', and a 'Like' button showing 0 likes. The second listing is 'Residential Sai Sarthak' with a price of ₹ 101, location 'Savedi, Select*', and a 'Like' button showing 2 likes. The third listing is 'Residential Arihant Park Ph..' with a price of ₹ 101, location 'Niramay Hospital, Select*', and a 'Like' button showing 1 like. Each listing has an orange 'Create Consortium' button.

After the consortium is already created for 2 properties Shivmudra and Sai Sarthak, still the option is not updated to Join Consortium

Residential ♡ Like
